

From Homeless to Hopeful:

"The Lord you God, who is going before you, will fight for you,...before your very eyes."

- Deuteronomy 1:30

At Lifehouse we believe the Lord is fighting for us. Not just our organization, but for each woman and child that comes through our doors. 2024 is no exception. Our organization faced its own share of challenges, we recognize many of them to be spiritual battles, as often happens when so much good is being accomplished in the name of God.

For our participants, many who have faced a lifetime of battles, coming to Lifehouse was the point in which a shield of protection was raised, and where a team came together to battle for them. We are often asked by those we serve, "why are you doing this for me?"

For someone for whom love always had a condition or is never truly present, simple acts of kindness, service and support are a very foreign concept. Building trust and providing a sense of safety and security are what we do for these women and children.

The battles faced by the courageous women who became a part of the Lifehouse family in 2024 include:

- 60% fleeing domestic violence
- 50% trafficked
- 30% spent time in foster care
- 70% addiction or drug use
- 70% physical, emotional or sexual abuse
- 60% eating disorder or food insecurity
- 100% mental health diagnosis or trauma
- 100% homeless or housing insecure

Lifehouse was thrilled to welcome babies #96 and #97 in 2024. We are growing more excited as we get closer to seeing baby #100! In addition to these new lives, Lifehouse serves many

Annual Report 2024

women who already have children. In 2024, sixteen moms and 15 children called Lifehouse home. Additionally, Lifehouse provided resources to 288 women. We continue to serve women from throughout Kentucky, the United States, and even internationally, from countries such as Cuba, Mexico, and Honduras.

Through the support of our Program Director and Case Manager, Lifehouse moms were connected to vital resources to help them apply for college classes, secure a driver's license, find employment and daycare, register for their GED, obtain mental health counseling, attend addiction recovery programs, and begin working on U.S. residency and work permits.

Lifehouse continues to be a hedge of protection for women escaping life's battles. We thank you for providing us with the "armor" needed to rise up and offer hope to moms and children. You are our partner in this battle to transform a generation. The back of this page highlights the impact of your generosity of prayers, time and financial resources. We are grateful to have you as a fellow soldier.

Thank you!
